1: how many wireless numbers are there

A: There are 27 unique wireless numbers.

2: Can you show me the total data usage for each wireless number?

A: Here's a summary of the total data usage for each wireless number:

- The wireless number 239-238-0710 used 44.47 GB of data.
- The wireless number 239-238-0790 used 90.98 GB of data.
- The wireless number 321-402-2888 used 0.00 GB of data.
- The wireless number 480-306-0382 used 0.07 GB of data.
- The wireless number 480-371-5400 used 1.46 GB of data.
- The wireless number 480-399-4009 used 0.00 GB of data.
- The wireless number 480-408-5024 used 0.06 GB of data.
- The wireless number 618-203-0793 used 5.06 GB of data.
- The wireless number 618-365-3901 used 0.00 GB of data.
- The wireless number 618-542-7702 used 0.01 GB of data.
- The wireless number 618-790-3624 used 0.00 GB of data.
- The wireless number 618-790-4013 used 0.81 GB of data.
- The wireless number 618-790-5244 used 2.99 GB of data.
- The wireless number 618-790-6117 used 0.00 GB of data.
- The wireless number 618-790-6231 used 0.00 GB of data.
- The wireless number 618-790-6692 used 0.12 GB of data.
- The wireless number 618-924-3268 used 1.71 GB of data.
- The wireless number 805-844-8892 used 50.32 GB of data.
- The wireless number 816-225-5230 used 47.21 GB of data.
- The wireless number 816-489-2067 used 27.02 GB of data.

Analysis Chats Report

The wireless number 816-489-9229 used 0.14 GB of data.

The wireless number 816-804-6156 used 0.01 GB of data.

The wireless number 816-896-3612 used 20.33 GB of data.

The wireless number 816-977-8191 used 71.09 GB of data.

The wireless number 903-229-8926 used 0.02 GB of data.

The wireless number 903-851-1018 used 0.38 GB of data.

The wireless number 903-851-3809 used 0.00 GB of data.

3: What is the average data usage for wireless numbers in each data usage range?

A: Here's a summary of the average data usage for wireless numbers based on their data usage range:

Wireless numbers with zero usage consume 0 GB on average.

Those using less than 5 GB consume an average of 0.65 GB.

Numbers between 5 GB and 15 GB use an average of 5.06 GB.

For users who consume more than 15 GB, the average data usage is 50.20 GB.

There is no average data usage available for unlimited plans, indicated as NA_unlimited.
